<b>Letter from the editors</b> .....	<b>vii</b>
<b>Chapter 1: COVID-19 Response</b> .....	<b>9</b>
Address revenue loss during the COVID-19 pandemic.....	9
Update infection control policies for targeted CMS surveys.....	10
COVID-19 number two among top 10 diagnoses in 2021.....	13
COVID-19 further complicates agencies' query processes.....	14
Work on your wound care skills for increased referrals .....	17
Nearly half of COVID-19 patients discharged in declining shape .....	18
How to respond when patients refuse visits amid COVID-19 fears.....	20
Monitor missed visits to avoid LUPA and compliance issues.....	22
Teletherapy targets functional impairment .....	24
Stress safety, be persistent to catch untapped referrals .....	26
<b>Chapter 2: Strategies for PDGM success</b> .....	<b>31</b>
Expect changes to comorbidity adjustment & impairments in 2022 .....	31
Early PDGM data reveal surprising findings about agency behavior.....	33
Data reveal therapy utilization trends in first year of PDGM.....	36
Manage volume and utilization to improve outcomes .....	38
Financial benchmarks to manage/trend operational results.....	41
How to avoid cash-flow issues in PDGM .....	42
PDGM intake quiz.....	43
PDGM and LUPAs .....	44
Agencies implement documentation improvement programs .....	45
How CMS assigns case-mix values under PDGM.....	48
Ensure coding of relevant diagnoses under PDGM .....	49
Steps to take to avoid listing 'questionable' codes.....	50
Sample PDGM intake form .....	53

# Table of Contents

<b>Chapter 3: Achieve OASIS and coding accuracy .....</b>	<b>55</b>
CMS delays OASIS-E due to COVID-19 .....	55
Draft brings cognitive questions one step closer to reality .....	55
New cognitive screens coming to the OASIS .....	57
Focus on GG0170 to improve speed.....	59
Selfcare, mobility items are concerns on OASIS.....	60
Understand how correct codes determine your comorbidity adjustment.....	63
5 categories that drive PDGM payment .....	64
Know which code to put first for correct comorbidity adjustments .....	65
Capture detailed referral information .....	67
Query for underlying etiology for muscle weakness, gait .....	69
<b>Chapter 4: Audits, denials and claims management .....</b>	<b>73</b>
Use wave of denials to prepare for your own medical reviews.....	73
Probe-and-educate data show agencies continue to struggle.....	77
In targeted probes, avoid denials involving therapy .....	78
Avoid billing errors for patients previously on hospice.....	79
Bolster clinical visit notes or claims will topple.....	81
Respond to ADRs to avoid lost revenue, increased MAC scrutiny.....	83
Tools.....	86
Steps to follow for agencies, docs to comply with face to face .....	87
<b>Chapter 5: HHVBP, Quality and CAHPS .....</b>	<b>89</b>
Don't forget customer care surveys for HHVBP success.....	89
Refocus efforts on quality, training for HHVBP.....	92
CMS focuses on savings in value-based purchasing report .....	93
Experts answer questions on HHVBP.....	96
How to improve quality outcome scores for dyspnea.....	97
Increases noted in Q1 Home Health Compare refresh .....	100
Agency finds success with project on falls .....	101
The number of 5-star HHCAHPS agencies often shifts .....	103
Example performance improvement project (PIP): Medication Management .....	105

<b>Chapter 6: Readmission rates .....</b>	<b>109</b>
Focus your efforts on reducing rehospitalizations .....	109
Reducing hospitalization rates is a key goal .....	111
Address CHF, COPD challenges and prevent readmissions .....	113
Reduce rehospitalizations by frontloading visits.....	115
Take these steps to keep AMI patients safe at home .....	118
Identify, address patient confusion to avoid hospitalizations .....	118
Identify, address anxiety to reduce risk for rehospitalizations .....	120
 <b>Chapter 7: Therapy use, documentation .....</b>	 <b>125</b>
CMS reinforces role of therapy under PDGM .....	127
Ways to increase therapists' productivity .....	129
Therapy documentation errors to avoid .....	129
Improve therapy notes with measurable, meaningful goals.....	131
Prevent falls by using other disciplines .....	132
 <b>Chapter 8: Recruitment and retention .....</b>	 <b>133</b>
Think outside of the box to recruit talented employees .....	133
Make your recruitment ads cut through all the distractions.....	135
Implement surveys to collect feedback & decrease turnover .....	136
What to do when caregivers express suicide ideation .....	138
Prevent burnout, demonstrate self-care to reduce turnover .....	140
Boost retention rates by analyzing, improving culture.....	142
Pandemic impact on HH coders' employment benefits.....	144
Average coders' salaries increase slightly in 2020.....	146
5 key areas to prevent turnover during PDGM .....	149
 <b>Chapter 9: Technology .....</b>	 <b>151</b>
Rethink staffing, telehealth challenges.....	151
Pandemic motivates collaborative effort for virtual visits .....	154
Technology improves wound care documentation during pandemic .....	155
Utilize smart home devices to create safer homes .....	158
Leverage technology to speed up process in PDGM .....	160
Agency sees revenue jump by adding in-home sensors.....	161
Improve interoperability to partner with new referral sources .....	163
Avoid HIPAA violations: Get signed consent before texting .....	167
Use tablets to improve client satisfaction .....	168
Smart speaker technology may combat loneliness .....	170
Use telehealth to prevent deficiencies .....	172

# Table of Contents

<b>Chapter 10: Productivity .....</b>	<b>175</b>
Coding accuracy standards are on the rise.....	175
Avoid coding errors and omissions related to coder burnout.....	177
Documentation causes productivity slowdown for coders.....	180
Weighting visits? Reconsider that decision.....	184
One agency succeeds on productivity .....	185
How to overcome distance, up clinician productivity .....	186
Make efforts to reduce travel time to improve staff productivity .....	188
Salaried RNs provide top productivity for same cost.....	190
Ways to save clinicians time, increase visits .....	191
 <b>Chapter 11: Hospice .....</b>	 <b>195</b>
Top hospice diagnoses show shift to neuro; beware of longer LOS.....	195
Improve in hospice pain measure by educating patients to report .....	197
Hospice CAHPS tips on restlessness, agitation .....	201
 <b>Chapter 12: Private duty .....</b>	 <b>203</b>
Top 5 growth opportunities for home care agencies in 2021 .....	203
Turnover rate for private duty caregivers rises significantly.....	205
Agencies charging more for homemaker and aide services.....	208
Implement strategies to stand out.....	209
Drive satisfaction, retention with the right office staff .....	210
Automate staff recognition program, improve turnover rates .....	212
Determine your agency has proper office staffing.....	214
Watch key metrics to track your agency’s financial health .....	215
Simple techniques to improve caregiver retention .....	217
5 things to know to grow your private duty business.....	219
