About the Author	vii
Chapter 1: Intro to home health billing.....	1
Overview of home health payments	1
Regulatory changes that impact billing.....	4
Review and update of recent regulatory changes.....	5
Chapter 2: Understand home health payment.....	15
Is your patient eligible for services?.....	16
How home health PDGM works	20
Funding for beneficiaries with Part A and/or Part B.....	21
Stages of the home health billing system	21
HCPCS codes.....	22
Annual home health payment changes	25
Chapter 3: Improve OASIS accuracy and outcomes.....	27
IMPACT Act.....	27
OASIS	28
OASIS and the impact on CMS surveys.....	30
How do I avoid OASIS-related billing errors?.....	30
OASIS and payment-related issues.....	32
Avoid OASIS errors that impact payment.....	34
What's required for home health eligibility.....	35
Training resources for OASIS	36
Chapter 4: Billing in the ICD-10 world	39
High-level view of ICD-10 code changes	39
Targeted reviews	40
How to minimize productivity losses	41
Use tools to self-evaluate.....	44
How to reduce payment delays	44
Keep up-to-date with FISS-DDE user manuals	45
Tools.....	46
Sample referral form for skilled pulmonology patients.....	46
Sample referral form for skilled orthopedic patients	47

Chapter 5: Master HHRGs, PDGM and HIPPS49

Intro to HHRGs and HIPPS..... 49
 OASIS submission is a condition for payment..... 49
 Validate HIPPS code on the claim..... 51
 HHRGs and HIPPS..... 52
 Effect of HHRG/HIPPS on Medicare payments 53
 Five components to determine PDGM case mix 54
 Maximize accuracy to ensure correct payment 66

Chapter 6: File NOAs and claims69

Monitor your MAC 69
 Examine multiple Medicare manuals 69
 Outliers in 2024 and beyond..... 72
 Understand UB-04 74
 What is the HETS? 76
 Conditions to meet before NOA can be filed 77
 UB-04 Overview 77
 Electronic claim submission..... 79
 Commonly rejected front-end edits 80
 Pre-payment edits 80
 Avoid the most common EDI claim edits..... 81
 Medicare FFS home health required form CMS-1450 (UB-04) data element checklist..... 81
 Checklist of form CMS-1450 (UB-04) data elements required only when applicable..... 86
 HCPCS G codes for home care..... 87
 Common revenue codes with related disciplines..... 87
 Medicare “clean claim” pre-billing checklist..... 90
 How to contact your MAC 91

Chapter 7: Make sense of claims adjustments93

Claims adjustments: Are they worth the trouble? 93
 Reasons to file accurate claims..... 93
 Types of adjustments..... 94
 More details on adjustments..... 97
 Payments to agencies that don’t submit quality data 98
 Basic rule about adjustments..... 99

Chapter 8: Avoid common billing errors 101

Pick up your PEPPER..... 101
 ICD-10 and claim edits/rejections 103

More on the biller’s role 104
 Common billing errors 105
 More tools offered by MACs 113
 Terms to reflect status of claims..... 114
 Actions to handle rejected, denied or RTP claims 115
 Other common status and locations 115
 More notes on RTP and rejected claims 115
 Timely filing requirements..... 116
 Overpayments 119
 TOB codes 121
 Use LCDs and NCDs to reduce payment denials..... 124
 Billing issues related to ADRs and medical review 129
 Other common medical review findings 129
 Best practices for OASIS impact on billing 129
 Top home health Medicare claim error reason codes 130

Chapter 9: Reduce face-to-face denials 137

Face-to-face encounter documentation 137
 Documentation suggestions when appealing denials 141
 Tips to comply with specific MAC expectations 142
 Homebound status verification 142

Chapter 10: Survive claims audits 149

ADR overview 149
 Prepare for audits 150
 Common coding errors agencies experience 153
 Take steps to remain in compliance 155
 ADR avoidance, preparedness and response 156
 Disclosure and self-reporting 156
 How to handle, prepare for ADRs 158
 Steps to manage audit letters 159
 Establish compliance tracking systems..... 161
 Stop recoupment 162
 What happens following reconsideration by a QIC? 163
 Appeals 163
 Common Home health medical review denial reasons 167
 More on medical review denial reasons..... 168
 ADR resources 169
 Pre-billing audit checklist 169
 Tools..... 171

Chapter 11: Medicare Advantage175

Options under the Medicare benefit 176
Medicare plans overview 176
Impact of increased enrollment 177
MA plans must include HIPPS code 178
Managing payer source changes 178
Many MA claims are being reviewed 179
How Medicare Advantage affects traditional Medicare 180
Coordinated care plans 180
Other plans..... 182
Improvements under Part C..... 183
MA and non-skilled coverage 184
Managed Care and the insurance maze 184
Determination of the primary payer 188
Effect of election of MA organization, eligibility changes 190

Chapter 12: Patient-Driven Groupings Model.....191

PDGM overview..... 191
Model specifics..... 192
Filing a NOA in 2024..... 196
Increase efficiency of billing under PDGM 198
A recap of billing under PDGM..... 198
